

Booking a Junior Camp

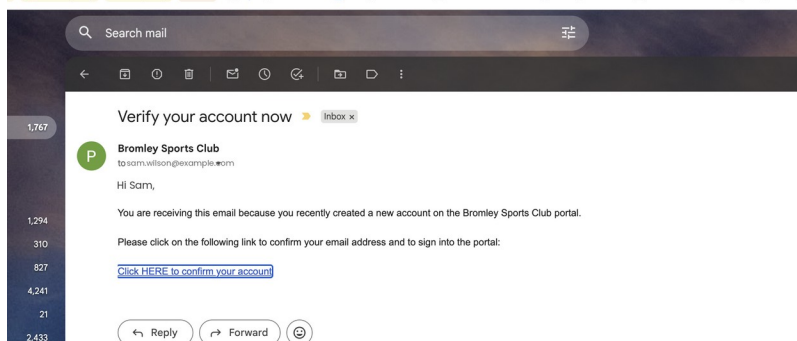

A step-by-step guide to My Bromley Sports Club — linking your child's profile before booking a holiday camp place.

Squash Camp only, for now: this booking flow currently applies to Squash Camp. Tennis and Cricket holiday camps are not yet bookable through My Bromley Sports Club — those still go through ClubSpark.

Before you begin: if you're booking a camp for your child, add them as an associate on your account first. Without this step, only your own name will appear as an option when booking — there's no way to enter your child's name on the booking page itself.

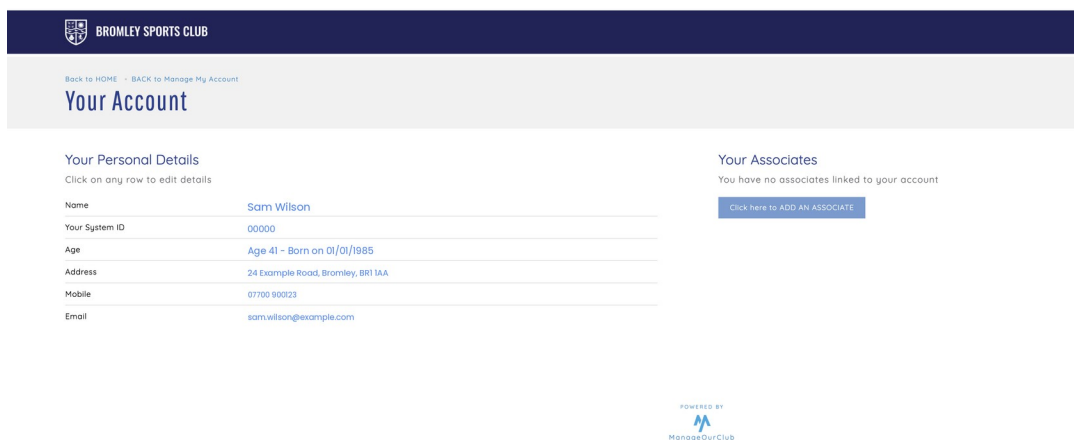

Step 1 — Register and verify your account

Create your account at mybromleysportsclub.co.uk. You'll receive a "Verify your account now" email — click the confirmation link to activate your account and sign in.

Step 2 — Go to Manage My Account

From the homepage, select Manage My Account, then Your Account. This is your personal profile — it doesn't yet include your children.

Step 3 — Add your child as an associate

Under "Your Associates," click Add an Associate (shown here as "Add a New Associate"). Fill in your child's first name, surname, relationship to you, date of birth, and gender. Your own contact details will pre-fill — amend if needed. Enter medical details or type NONE if not applicable, then Save Details.

Step 4 — Confirm your child now appears as an associate

Back on Your Account, your child is now listed under "Your Associates." You can add further children the same way using "Add a New Associate."
